What Our Customers Have To Say:

Bear Lake County Library, Montpelier, ID, Frankie Rasmussen, Director

"We are so happy with our new computers. They arrived quickly and within five minutes we had them set-up and running. The kids have enjoyed the many options for games to play. The games are easy to navigate and they are able to play a game or switch from one game to the next without assistance. The images are bright and clear and the kids are eager to use the computers from the moment they enter the library doors."
