

During times like these, we must thank our essential workers and what they are doing to keep us safe. Essential workers include, but are not limited to, grocery store employees, doctors, nurses, delivery drivers, first responders, postal workers, and so many more.

Color in the rainbow below and trace the 'Thank You' on the bottom of the page.
Hang this in your window to show your appreciation for all the hard work essential workers are putting in.

Thank You Essential Workers!
