AWE Learning Receives Platinum in 2024 Modern Library Awards from LibraryWorks

January 16th, 2024 – AWE Learning is pleased to announce it has received a platinum award in LibraryWorks' tenth annual **Modern Library Awards (MLAs.)** The MLAs were created to recognize the top products and services in the library industry in a truly unbiased format. Products and services were submitted in the fall using a simple application, and then were posted on a private site with an enhanced description and attendant materials. These products were batched into small groups and sent to the LibraryWorks database of more than 80,000 librarians at public, K-12, academic, and special libraries. Only customers with experience with these products/services in their facilities were permitted to judge the products/services, resulting in a truly unbiased score. Each judge scored the product on a numeric basis from 1-10 on a series of questions regarding functionality, value, customer service, etc.

Deborah B. Sorgi, Ed.D., President & Chief Executive Officer of AWE Learning stated "AWE Learning is pleased to be a Modern Library Awards multi-year Platinum distinction recipient. LibraryWorks showcases products that promote best practices for the library marketplace. AWE Learning is privileged to be among these select products since 2018."

The Early Literacy Station ™ Platinum, AfterSchool Edge ™ Platinum, and Bilingual Spanish Early Literacy Station ™ Platinum are the ideal digital learning resources with fun and engaging STREAM-aligned content to help prepare young learners with school readiness and excel in the classroom. Our products have been distributed in almost 49% of libraries globally and feature: 85+ STREAM-aligned titles, no internet required, interfaces and avatars, administrative features, a customer portal to view utilization reports and show ROI, ELF Child-Safe Browser, and Add-On Bundles to include more content on each unit.

Jenny Newman, publisher and MLA program manager said, "It's hardly a surprise that AWE Learning scored so well. They've been at the forefront of the industry since their company entered the market in 1994."
