\*All orders must be received by June 30, 2024.

### ARPA Funding Running Out!

State & Local Governments have  
only spent about half of American  
Rescue Plan Funds as a critical  
deadline nears!

2024 is the last opportunity for state  
& local governments to make  
spending decisions on funds  
provided by the American Rescue  
Plan Act (ARPA) [Learn More](#)

# What Our Users Have To Say:

"We have had AWE Computers here for many, many years. We definitely got our money out of our first order!"

"This software grabs their attention as they walk by and keeps them learning in every program."

"Within 5 minutes of putting two units on the floor, with no prompting from staff, children were on them [the workstations] and playing games."

"With the addition of two new AWE early learning stations and some additional technologies geared towards readers aged 0-5, we have the opportunity to expand some of the services that we currently offer."

**AWE would love to hear from you!**

AWE Learning would like to feature you on our social media and/or customer spotlight section of one of our upcoming newsletters. Email your feedback and photos to [info@awelearning.com](mailto:info@awelearning.com).

We would also like to thank each of you for your continued support and investment in your young learners' future!

## Quarterly Blog

### The Importance of Teaching Children How to Write

Statistics show that reading helps develop your writing skills, but writing helps develop your cognitive growth, organizational abilities, and the power to influence others through persuasion.

Read how Scribblitt helps children with creative writing.

## Customer Support Tips

11

- Version 3, Patch 11 is available! Update your workstation(s)/tablet(s)!
- Turn off your computer when it's not in use.
- Be sure to plug your AWE computer into a surge protector to prevent software corruption or hardware damage.
- AWE software does not connect reliably to unsecure networks (Wi-Fi networks with no passwords).
- When connecting to your network, the AWE software cannot connect to a hidden network.

### Need to contact Customer Support?
